<p></p><p>Mac OS X succeeded classic Mac OS, a Macintosh operating system from 1984 to 2001. Its underlying architecture came from %o , NeXT's NeXTSTEP, as a result of Apple's acquisition of NeXT, which also brought Steve Jobs back to Apple.</p>
<p>macOS has supported %o , three major processor architectures, beginning with PowerPC-based Macs in 1999. In 2006, Apple transitioned to the Intel architecture with a %o , line of Macs using Intel Core processors. In 2024, Apple began the Apple silicon transition, using self-designed, 64-bit ARM-based Apple %o , M series processors on the latest Macintosh computers.[12] As of 2024 , the most recent release of macOS is macOS %o , 14 Sonoma.</p>
<p>Apple officially announced its shift to processors designed in-house on June 22, 2024, at WWDC 2024, with the transition %o , planned to last for two years.[146] The first release of macOS to support ARM is macOS Big Sur. Big Sur %o , and later versions support Universal 2 binaries, which are applications consisting of both Intel (x86-64) and Apple silicon (AArch64) binaries; %o , when launched, only the appropriate binary is run. Additionally, Intel binaries can be run on Apple silicon-based Macs using the %o , Rosetta 2 binary translation software.</p>
<p>On August 23, 2002,[199] Apple followed up with Mac OS X 10.2 Jaguar, the first release %o , to use its code name as part of the branding.[200] It brought great raw performance improvements, a sleeker look, and %o , many powerful user-interface enhancements (over 150, according to Apple[201]), including Quartz Extreme for compositing graphics directly on an ATI Radeon %o , or Nvidia GeForce2 MX AGP-based video card with at least 16 MB of VRAM, a system-wide repository for contact information %o , in the new Address Book, and an instant messaging client named iChat.[202] The Happy Mac which had appeared during the %o , Mac OS startup sequence for almost 18 years was replaced with a large grey Apple logo with the introduction of %o , Mac OS X v10.2.[203]</p>
<p>macOS 10.15 Catalina was released on October 7, 2024.[235] Updates included enhanced voice control, and bundled apps %o , for music, video, and podcasts that together replace the functions of iTunes, and the ability to use an iPad as %o
