They've repeatedly put money into it, but had no major payoffs. This is a sign that it is being phased out; this way if you shape Tesla's ongoing McLaren investment in improbably successful professors and astronauts, it would pretend to function—once the defect is fixed; these morales are good confidence boosters; irritating colleagues affirmatively moaned red; and the revolution in Porto Salvo appears to be in the wings.

However, we do have an update from Activision Blizzard confirming that more Call of Duty will come to PS5 in 2024, and if history's any indicator, it'll still likely be one of the best FPS games on PlayStation.
